The One Bible Verse America Desperately Needs Right Now

America is desperately in need of unity—a fact that led Dr. Ronnie Floyd, president of the National Day of Prayer and the

former head of the Southern Baptist Convention, to recommend a key Bible verse that he believes people truly need right now: Ephesians 4:3, which reads, "Make every effort to keep the unity of the Spirit through the bond of peace."

Floyd recently told "The Billy Hallowell Podcast" that it's essential for Christians to turn to prayer and to stretch beyond the division that has deeply fractured the nation.

"People can make it political all they want, but it's really not about political," he said. "It's really about one thing: Am I going to be the man of God or the woman of God that God wants me to be? As a Christian I'm ... called to walk where this world will not walk from time to time."
