

Kim Clement's 2008 Prophecy Exposed a Sinister Spiritual Force Creeping Into America

The shocking Nov. 26, 2025, shooting of two National Guard members in Washington, D.C. is raising questions for many. Now, prophetic voice Amanda Grace is sounding an alarm—one she says God began releasing more than a year ago.

As Grace pointed out, the suspect reportedly belonged to an elite Afghan unit that operated under direct CIA direction, fighting the Taliban on behalf of the United States. To Grace, this is not a random tragedy. It's an offshoot of a much deeper spiritual root that the Lord has been warning her about.

A 2024 Warning: "You Shall Be Ripped From Your Seats of Influence"

On Dec. 20, 2024, Amanda Grace released a prophetic word that now reads like a blueprint:

"For such you shall be ripped from your seats of influence in the bureaus in the intelligence agencies and the Pentagon, says the Lord, for you have been allured with the aroma of another 9-11 to turn the nation."

The word continued:

"It is a deception, and I shall uncover you says the Lord... Your plots, your deceptions, your workings with nations involved in war to turn America on a chain where you wanted to go."

This prophetic warning specifically targeted intelligence

agencies, deception and the manipulation of national events to steer America toward chaos.

Exactly one year later, an Afghan man who worked under a CIA unit returned to U.S. soil – and allegedly attempted to assassinate uniformed American soldiers.

The thread tightens.

Oct. 7, 2025: “Tear Out the Root of 9/11”

Nearly a year after the first word, on Oct. 7, 2025, came another:

“At the FBI and the CIA, the cover shall be ripped off of such an intricate plot that was made to look clean on the surface... Expose them and tear out the root of 9-11 that has wrapped deep around these agencies and continues to produce offshoots.”

Grace emphasized a key line: “...continues to produce offshoots.”

She now believes the National Guard shooting was one of those offshoots – a spiritual and natural consequence of an unresolved, hidden 9/11 root embedded in U.S. intelligence infrastructure.

The Prophetic Thread: Six Days Before the Attack

Just six days before the Nov. 26 shooting, on Nov. 20, 2025, Grace reportedly prophesied:

“The Taliban is on the move... They have extended the coalition of brotherhoods in the land.”

This statement came almost exactly as an Afghan national emerged in Washington, D.C., in an attack that now appears increasingly coordinated.

And the timing was prophetic as well.

November is the 11th month.

2025 → 2 + 2 + 5 = 9.

Together → 9/11.

The Hidden Pattern: Two Attacks, Two Gunmen, Six Months Apart

Amanda Grace points to another disturbing connection – a second D.C. attack earlier this year.

On May 21, 2025, a gunman opened fire at the D.C. Jewish Museum. Within the URL of the New York Post's article, a chilling "watermark" appeared:

Washington DC National Guard November Afghan CIA shooting
Islam

Grace argues this was a spiritual "code" – a hidden watermark of the mystery of lawlessness.

Then she revealed this:

- May 21, 2025
One gunman
One man and one woman shot
- Nov. 26, 2025
One gunman
One man and one woman shot

Two attacks.

Two gunmen.

Two men.

Two women.

Six total.

Six months apart.

And May 21 (5/21) → $5 + 21 = 26$: the date of the National Guard shooting, Nov. 26.

Grace calls this the fingerprint of a spiritual architect.

“This is how the mystery of lawlessness hides itself—through patterns, symbols and timing. These two events were not isolated. One tilled the soil for the next.”

A Multi-Front Spiritual War

Grace says these attacks are only one battle line in a multi-front spiritual conflict manifesting simultaneously across the nation.

She points to Minnesota’s exploding welfare scandals, Venezuela’s rising conflict with U.S. leadership and brewing upheaval inside the FBI – all of which she says the Lord warned about months earlier.

On Feb. 13, 2025, Grace heard from the Lord:

“Minnesota is about to be turned over... The time is approaching of the reversal.”

On May 29, 2025 she further heard:

“Intercede and pray... for that multi-headed beast shall be thrown down... Their money laundering shall be exposed.”

She then heard from the Lord regarding Venezuela on Oct. 7, 2025:

“The window is closing on the leader of Venezuela... A catastrophic fracture to the infrastructure... For in this time there is a shift.”

Grace says all of these warnings converge into one spiritual reality:

“There is a multi-point spiritual war happening over the nation. The enemy is layering events to try to produce the same catastrophic outcome – a destabilized America.”

The Battle Lines Are Drawn

Ultimately, Grace emphasizes that what unfolded in Washington, D.C., is not a political coincidence, but rather a prophetic pattern. However, she sees that God is ripping out what needs to be removed.

“Do not allow the cover-ups to go back underground,” Grace warned. “Expose them and tear out the root.”

This very well could moment mark the beginning of that tearing.

Jonathan Cahn and Joseph Z Confront the Spiritual Battle

Shaping America's Fate

What kinds of global events could we be facing in 2026 and beyond?

In Part Two of his “2026 prophecies and beyond,” Chris Reed is sharing some of the things he believes we could see this year and beyond.

Revolution in China

In a prophecy from Dec. 29, 2022, Reed saw a revolution taking place in China, which he believes could be coming closer as we enter this new year.

China will continue to develop a revolution, and Xi Jinping's rule coming to an end will be a major marker of progress in this. China will devolve into regions or sections, and true democracy will develop.

He further prophesied:

The internal revolution will continue to grow, and a major marker of this will be the end of Xi Jinping's rule.

Heaven Decrees Trump's Leadership for a New Era

Just ahead of the 2024 election, Reed says he was woken up with a night vision on Nov. 3, 2024, about what would take place next and what kind of nation we would soon have.

...woke at 2:47. I was in a council room in heaven. There was Enoch, Elijah, Paul, John...[they] were talking about plans. An angel named Destiny said I could hear. Elijah said, 'Heaven has declared Mr. Trump to be elected U.S. president and he

will be the first presidency of a new republic. Pray against violence, war and terrorism after.

In the heavenly council, I was told Trump will win surprises and take most of the battleground states. Republicans keep House and take the Senate. Plus four Senate seats.

Venezuela Will Experience True Transformation

In a word from Jan. 3, 2019, Reed prophesied:

Venezuela will reach a crisis climax as President Maduro's leadership will be delegitimized as the government economy and currency will plummet south. A real reformation will begin to happen.

Iran Is About to be in a Transition

Reed's prophecy from July 6, 2025 stated that:

[An] Iranian revolution will former crown prince of Iran will play a major, major role in leading this transition to bring more of a democratic government to Iran.

The Earth Will Shake Unlike Ever Before

Reed shared his prophecy from Dec. 3, 2025, in which he noted that natural disasters, in combination with a spiritual renewal, are about to change the trajectory of everything we know.

A year of wars abroad and environmental disasters, earthquakes and volcanoes, but a year of spiritual awakening like we've not seen in our lifetimes. The heavens and the skies will reveal the reality of the spiritual realm.

A Prayer for Joe Biden

During the livestream, Reed also spoke a warning and a prayer for former President Joe Biden.

“Unless there’s a healing, and I’m talking about don’t see Joe Biden going beyond beyond 2026,” Reed says. “I don’t want to see one soul step into eternity in the current condition that his soul is in. Lord, I pray you’ll save Joe Biden before he transitions this life.”

Franklin Graham's Relief Organization Hit As Samaritan's Purse Plane Is

Hijacked

Samaritan's Purse became the target of a terrifying plane hijacking.

According to North Carolina's Spectrum News 1, a hijacking attempt of one of the planes owned by Samaritan's Purse took place on Tuesday. This event occurred in South Sudan, where the Christian relief organization was taking medicine to Maiwut, Sudan.

The hijacker, who was armed during the time of the offense, was brought into custody once the plane landed. Samaritan's Purse stated that "swift action" was taken to stop the heinous crime. There was a pilot and one other staff member on board during the attempted hijacking.

"The pilot was eventually able to land the plane in Wau, South Sudan, where the armed hijacker was taken into custody by the National Security Service of South Sudan," Samaritan's Purse said in a statement. "We praise God that no one was seriously injured, and we are grateful to the security forces for their support and swift action on the ground to resolve the situation and bring a safe outcome."

Samaritan's Purse has brought aid and the gospel to people around the world under the leadership of Franklin Graham, the son of the late evangelist Billy Graham.

In moments like this, we thank God that, though the enemy tried to steal and destroy, Jesus had the final say, allowing His servants to continue their mission to follow Him.

After Heated Controversy, Candace Owens Set to Appear on The Charlie Kirk Show

After months of Candace Owens questioning Turning Point USA in the wake of Charlie Kirk's murder, the organization has finally reached out to her, and she has responded accordingly.

In a special message on The Charlie Kirk Show, the organization gave a response to some of Candace Owens' claims against the organization following Kirk's assassination. Not only were her assertions dismissed as unfathomable by the team, but they also publicly invited her to come on the show.

"Ever since Charlie's murder, Candace Owens has leveled a flood of allegations against people at Turning Point USA, people at Turning Point Action, and people who work for this show. She has made them against some of Charlie's closest friends, and against some of his most dedicated employees," the statement read.

The Charlie Kirk show then invited Owens to do a live stream with them to clear the air.

“In the near future, there will be a live stream here in Phoenix where we address in a clear and comprehensive way the claims and accusations, the false accusations that have been made against Charlie’s family, friends and the people here at Turning Point. We plan to walk through everything carefully and thoroughly. If Candace is available, we would sincerely welcome her participation in that live stream at our studio here in Phoenix. At this point, we believe the ball is back in her court. Our motivation for doing this is not out of any obligation to Candace. It is about honoring Charlie. We feel a deep responsibility to protect his legacy, his work and the truth.”

In a response video, Owens accepted the invitation.

“You can pick the place. You can pick the time. I say we do it tomorrow. We don’t need to plan for this. We don’t need lawyers in between us. Lawyer statements. It’s not how I want it to be authentic,” Owens said. “I accept it with whistles and bells—everything I fully accept. I say, let’s do it tomorrow. Let’s do it tomorrow.”

Now we will have to wait and see whether Turning Point USA and Candace Owens can be reconciled.

Activists Spit on Christian Student, Warp Bible Verse Into a Pro-Transgender Statement

The world continues to grow more polarized over what is good and what is evil.

At Colorado State University, a Catholic student and chapter member of Turning Point USA, Blake Jones, became the target of anti-ICE protestors. In a Fox News report, Jones said he, along with three other students from TPUSA, attended a protest against ICE activity on campus, organized by groups such as the Young Democratic Socialists of America and Students for Justice in Palestine. The group followed the plan to engage in conversation with the other students and to write chalk Bible verses on the school plaza.

However, things took quite a different turn than they expected.

As Fox noted, the school has a long-standing policy allowing students to freely express their beliefs by writing in chalk on the plaza, which the Christian students used to write faith-based messages on the ground. However, the activists later changed these phrases.

Jones told Fox that the message "abortion is murder" was changed to "abortion is awesome," and "God loves you" was turned into "God loves trans people." An image of a transgender Jesus on the cross was also included in this, changing bible verses into trans-friendly messages. Not only

was this blasphemous artwork created, but Jones also stated that he was confronted while writing down Bible verses, and the confrontation soon became heated when he asked to be left alone.

“He immediately raised his hands, stiffened his body, his face contorted, and he screamed,” Jones recounted. “This is when he charged at me with his fists raised. I do not have a doubt in my mind that he was planning on striking me.”

The angered student continued to push back at Jones’ decision to work on the Bible verses, and Jones claims the young man then “spat at him,” as Fox noted.

Sahara Bradley, who was with Jones, said that after this happened, they prayed together for the students who created the awful images.

“We prayed for the people who drew the cross, because they don’t know the sin they had just prayed for the Christian community who are fighting this battle alongside us. Lastly, we prayed that God protect us during this time,” she said.

This story is a stark reminder that we are living in the midst of a spiritual battle.

What happened at Colorado State University is not just a clash over words on a plaza—it is a direct confrontation between the truth of God’s Word and a culture determined to redefine right and wrong. This is a wake-up call for believers everywhere: the time to stand boldly in God’s truth has never been more urgent. The forces of deception are growing louder, but those who hold fast to Scripture and walk in the Spirit will not be shaken—they will be the witnesses of God’s glory in a world desperate for His truth.

Over 80,000 Hidden Earthquakes Detected at Yellowstone: Are We on the Brink of Armageddon?

The Earth may be literally crying out that we are nearing the end of the age.

A Daily Mail report noted that thousands of earthquakes went unnoticed close to the Yellowstone Volcano. This discovery was made by scientists utilizing AI to “listen to 15 years of Yellowstone recordings.”

What they found was shocking.

As the report discussed, the research team found “86,000 tiny earthquakes that human experts had missed. That’s about 10 times more quakes than anyone knew were happening.” This extreme number of unknown earthquakes points out something deeply prophetic within it. Earthquakes are repeatedly mentioned in Scripture as associated with the end of the age. Haggai 2:6-7 tells us:

For thus says the Lord of Hosts: Once more, in a little while, I will shake the heavens and earth, the sea and dry land. And I will shake all the nations, and they will come

with the wealth of all nations, and I will fill this house with glory, says the Lord of Hosts.

Matthew 24:7 also reads:

For nation will rise against nation, and kingdom against kingdom. There will be famines, epidemics, and earthquakes in various places.

These thousands of earthquakes, then, are more than just a strange occurrence: they are a sign of the birth pains before the return of the Messiah.

The report further noted that over half of these earthquakes occurred in "connected groups called swarms," which are "caused almost entirely by hot underground water and steam pushing through cracks, not by rising lava."

By collecting this data and mapping it, it was ultimately found that Yellowstone is a continuous "heartbeat" of these water-based swarms. With no direct abnormalities regarding the pattern of these swarms, Yellowstone appears to be safe at this time from any potential eruptions.

As the world shakes beneath our feet—literally and spiritually—we are reminded that Jesus warned these signs would intensify as His return draws near. The earth is groaning, the nations are trembling and the hour is late. Now more than ever, believers must stand firm, lift their eyes and anchor their hope in the One who is unshakable.

Newborns to Receive ‘Trump Accounts?’ What This Could Mean for Families

President Donald Trump has decided to create designated accounts that will affect the next generation.

The Trump administration announced the creation of new “Trump Accounts,” which are set to affect families starting next year on July 4. Children in America will be the recipients of these accounts, in which each newborn will receive \$1,000, with the hope that their families will deposit funds into them each year so that the child will have greater financial opportunities as an adult.

Sen. Ted Cruz (R-TX) shared this news alongside Trump, providing details about what Americans can expect with the implementation of these new “Trump Accounts.”

Starting on July 4th, every newborn in America will have their own “Trump Account” opened and seeded with \$1,000.

We’re creating a whole new generation of capitalists who will experience the benefit of compound growth.

Thank you to President Trump for signing the Invest America...

– Senator Ted Cruz (@SenTedCruz) December 2, 2025

“Starting on July 4, every child in America will have a personal investment account opened for them,” says Cruz. “Newborn will have it seeded with \$1,000. Parents and family and employers can contribute up to \$5,000 a year in a tax-advantaged account.”

Cruz believes there are benefits for children in this, including “compound growth” and a “new generation of capitalists.”

Money for these accounts is also backed by Michael and Susan Dell of Dell Technologies, who pledged \$ billion, according to NPR.

Michael Dell told NPR: “The idea is to give millions of children a head start on saving for the children have accounts like this, even with modest sums, they have better outcomes in life.”

This donation from the Dells will provide the first \$250 for every single child's account.

3I/ATLAS Mysteries Deepen: Shocking Discovery Puzzles Scientists

The mystery behind space object 3I/ATLAS continues to grow.

In a recent New York Post report, it was noted that 3I/ATLAS not only continues to show signs of an “atypical” comet tail, but that Harvard professor Avi Loeb believes there could be something else troubling about this space object.

In his latest post for Medium, Loeb wrote that after 3I/ATLAS experienced perihelion, it “showed a tear-drop shape of its coma with an extension by about an arcminute towards the Sun.”

As the Post noted, this “anti-tail” may consist of an array of objects. Loeb himself posed a powerful question in regards to this strange phenomenon:

If the anti-tail is indeed associated with a swarm of non-evaporating objects around 3I/ATLAS, the interesting question is: What is the nature of these objects? Are they rocky fragments or something else?

Indeed, Loeb makes a great point. What could be the nature of these objects? As NASA recently stated that 3I/ATLAS was nothing more than a comet, what kind of scientific case are we looking at here?

The growing mystery of 3I/ATLAS—its unusual shape, unexplained anti-tail, and the questions it raises—naturally sparks speculation about extraterrestrial life. Is this all part of a

great deception to lead people away from looking at what is eternal and who can save them?

In the midst of this cosmic intrigue, the most critical message remains unchanged: no matter what, our eyes must never leave Jesus.
