## Early Reviews and Rankings Putting ‘God and Donald Trump’ by Stephen E. Strang on Fast Track to Best-Seller

*God and Donald Trump*, the new book by award-winning journalist and author Stephen E. Strang, is on its way to best-seller status—already at No. 1 on Amazon and in several categories with early reviews that sing the praises of Strang’s inside look at Donald Trump: the businessman, the candidate and the president.

Gary McCullough, director and founder of Christian Newswire,

shared, "If you cringe when a political leader mentions God, this book is a must read. *God and Donald Trump* is less about a president's faith, rather, the welfare of a nation's faith."

Reviewers are also calling *God and Donald Trump*, "a great read," a "wonderful exposé," "page turner," "phenomenal," "powerful" and "compelling."

- "Stephen Strang does a wonderful exposé of Trump as the man and as a political presence in the presidency. He notes his belief that Trump supernaturally was elected president for such a time as this in God's agenda. I believe the same. Not a gossipy presentation, but to me was a presentation in love of the man as a devoted father and as a president who doesn't ... need to be president to fulfill his needs but truly wants to see the country great again, as well as make people's lives better."
- "This behind-the-scenes, in-depth examination of one of our most unusual and extraordinary candidates in one of the most consequential and dramatic presidential elections in U.S. history is simply outstanding! Steve Strang is one of America's most experienced, insightful journalists, and I wholeheartedly recommend you lay hold of this phenomenal book."
- *God and Donald Trump* is a powerful and compelling extension of Steve Strang's reporting of Donald Trump's miraculous road to the White House. The book is a shining example of his dedication to reporting the truth in a time when many Americans have lost faith in the mainstream media and crave an alternative to 'fake news.'
- "As a #NeverTrump voter, I was skeptical of the book, but was encouraged to read it. Steve Strang offers a comprehensive analysis of God's providential hand in his election. As I read this book, I was astonished at its accuracy and filled with hope for our nation. This book

is a page turner you won't want to put down."

- "Trump's election as president stunned the professional political world. How could the pundits and the pollsters been so wrong? Mr. Strang answers these questions in exquisite detail. His conclusions: Part of the reason might lie in the fact that 'everyday' Americans saw something in the man lacking in his opponents. A sincerity that belies his media-manufactured public image. In fact, there are many who believe in Divine Intervention, that Trump, as God saw him, could accomplish a restoration of the American character; a world leader in issues moral and spiritual. Stephen Strang's extensive interviews reveal the man as he is ... a caring man of unseen depth and compassion. A great read."

Strang is an award-winning journalist and successful businessman who began his career as a newspaper reporter at the *Orlando Sentinel*. He later founded a Christian publishing house and media company while interviewing and writing about nearly every Christian leader in the country over the past four decades.

# With Memories of Last November, 'The Paradigm' Author Jonathan Cahn Says Many Still Don't Understand the 2016 Election

State and local elections recently made news with some surprises, but the 2016 presidential election is still making headlines—one year later.

And *New York Times* best-selling author Jonathan Cahn says there is an important lesson to be learned from last November, incorporating biblical history as a prophetic reference. In his new book, *The Paradigm: The Ancient Blueprint That Holds the Mystery of Our Times*, . Cahn makes shocking connections to an ancient Middle Eastern paradigm from nearly 3,000 years ago to today's political and cultural headlines.

In *The Paradigm*, he also reveals something that not many conservative Christians understand—a political problem cannot solve a spiritual problem.

For instance, in the chapter titled "The Holy Man," Cahn writes about the biblical leader Jehu, whom others hoped would be an instrument for national redemption. In a time when the nation seemed to be sealed in its spiritual descent, Jehu was approached in the same way that evangelical leaders approached Donald Trump. Jehonadab, a leader of those who would today be called conservatives, sought to determine if Jehu was truly committed to the ways of God.

"Jehonadab was deeply grieved by the idolatry and immorality that surrounded him, the cult of Baal, and the overall spiritual and moral decay of the culture in which he lived,"

Cahn says. "As a man of God living in the midst of apostasy, he would have been praying for his nation's revival. He would have hoped that in Jehu was a chance to stop or slow Israel's spiritual descent and perhaps even help turn the nation back to God."

Similarly, conservative evangelicals looked to Trump to lead America back to its Christian values. A month prior to his nomination as the Republican candidate, Trump made a speech to a meeting of conservative Christian leaders that made headlines, with Trump vowing that he was "on their side."

"The former first lady represented the furthering of America's moral descent and the consigning of the nation to perpetuate apostasy," Cahn continues. "The 2016 election was a replay of the ancient choice that confronted the believers of Jehu's days. American evangelical Christians had to choose between a man of questionable ways and a certain course of moral apostasy. In the ancient case, the results were mixed.

"The Scriptures contain a rebuke," he adds. "But Jehu was not careful to walk in the law of the Lord God of Israel with all his heart. He did not turn aside from the sins of Jeroboam, who caused Israel to sin" (2 Kings 10:31). Although Trump could rise above Jehu's example, it is possible that he could do worse than Jehu. So, *The Paradigm* poses the question: What does this mean for America?"

It will not simply take an election, a man, a party or a political agenda to turn a nation away from sin, but rather, the only way America can be great again is for America to return to the God who made America great in the first place, Cahn says.

"The answer is in repentance, return and revival."

*The Paradigm*, out in September and debuting in the top five of the *New York Times* and *Wall Street Journal* book charts, reveals a newly uncovered master blueprint and ancient

template that foretells many events of modern history. *The Paradigm* also removes the veil behind the leaders, governments, events and scandals of modern times. Its disclosures are so detailed and its revelations so precise that it even speaks of events before they happen.

Cahn, who caused a stir throughout America and the globe with the release of his instant *New York Times* best-seller *The Harbinger*, which sold over 2 million copies, followed that earth-shattering work with *The Mystery of the Shemitah* and *The Book of Mysteries*, also *New York Times* best-sellers. In fact, the mysteries of the immensely popular *The Harbinger* continue and are intertwined with the mysteries of *The Paradigm*.

*The Paradigm* is published by Frontline, an imprint of Charisma House.

# **Ex-Witch: Satanists, Occultists Have Infiltrated the Christian Church**

Ex-witch Beth Eckert says satanists and occultists have overrun the Christian church, corrupting it on nearly every level.

Believers in this day and age have turned a blind eye to sin, she says, and gone against Paul's appeal in Romans 16.

"Upon closer examination of these churches, I think anyone can find one fault or another," Eckert says. "There is no one church that is perfect for everyone. Church is an institution of man, and man is full of sin. There is no such thing as a perfect church, just a church that strives its best to follow Jesus Christ and spread the gospel message."

But some churches have strayed away from this central message.

Watch the video to see if your church is one of them, and what you can do to help reverse course.

Ex-witch Beth Eckert says she is a survivor of ritual satanic abuse who survived mind control programming at the hands of occultists.

“They literally take the susceptible mind that has been damaged by trauma and even brain injury and feed into it the thoughts and belief systems, drives and even desires they chose for an individual to have,” Eckert says in a recent video.

Set free by Jesus, Eckert is now on a mission to expose this evil. Watch her video to see just how prevalent this frightening Illuminati scam is.

# What Happened When a Joel Osteen Imposter Crashed an Actual Osteen Event

A comedian who looks strikingly similar to megachurch pastor Joel Osteen wanted to see what happened if he crashed one of Osteen's events.

Michael Klimkowski of the secular comedy group Dabs Den dressed to the nines and told people he was Osteen himself.

Klimkowski got free parking, a special entrance, selfies and even made it to the stage before Osteen's team realized what was happening at the Forum in Inglewood, California. He had no identification, tickets or credentials other than his uncanny looks.

Some onlookers were suspicious when Klimkowski asked for a beer, but most ignored the request and let him continue his journey.

Yet still, multiple fans told him they appreciated him and loved his family while he said, "God bless" and shook the hands of those who approached.

"Go 'Stros!" he yelled a few times.

As Klimkowski took the stage, Osteen's security team realized what was happening and escorted him out.

The video was posted earlier this week and picked up by the *AV Club*.

*Charisma News* will not link to it, as there is some language.
