

# How God Will Use the Supernatural to Impart Revelation to His Children

What are you facing that seems impossible? I believe as we start this new month, March will bring or usher in a season of God's phenomena happening in unprecedented and expedited ways, through a God-pattern that I call "Interrupting the Impossible!"

The first thing I want you to understand is that the impossible is intended to be interrupted by God. He wants to interrupt the impossible. Impossible is nothing more than a distraction of possible, and God is going to use the realm of the supernatural to interrupt the impossible for you.

What is the realm of the supernatural? It is the divine housing for God's miracles, healings, signs and wonders prepared for a believer, activated by revelation and introduced by way of God's power. God wants us astute with the realm of the supernatural and the glory realm. He wants to receive manifestations of them as expressions of His love for us, while demonstrating His kingdom through us.

We are going to see God's phenomena as the Lord is stretching out His hand to perform. To learn more about how this will be accomplished, [listen to \*The Believer's Exchange\* on the Charisma Podcast Network now.](#) {eoa}

## **Prophetic Minister Reveals How You Can Engage the Angelic Realm**

Are you curious about the supernatural and angelic realm? Did you know that angels can often bring tangible manifestations of the glory realm to you?

Throughout the Bible, many have experienced encounters with angels the Lord intentionally made available to them. In fact, God is intentional. The glory realm is filled with His intent.

Habakkuk 2:14 reads “For the earth will be filled with the knowledge of the glory of the Lord, as the waters cover the

sea.” Did you catch that? The knowledge of the glory!

When I researched that word “knowledge” in the Old Testament, I saw that among many things it means “answer.” When we recite this, we see that the earth (our immediate environment) shall be occupied with the answer of the glory. The glory has and brings answers with it, and answers are the intent of God made manifest.

Also, that Scripture reads “as the waters cover the sea.” Consider this: When have you ever noticed a sea without water? We could not articulate or describe sea without water. God meant for the sea to always have and experience water; it was His intent. Angels are meant to be experienced by us as believers.

During this interview with Lenika Scott (author of *Angelic Allies*), you will hear practical keys on:

- Sustaining an open heaven in your home.
- How to make the glory realm a consistent environment in your home.
- Different types of angels that God has made available to us as believers.

You will also hear powerful stories on encounters with the glory realm and the angelic realm that brought documented physical manifestations such as angel feathers, gems and gold dust.
