The Tongues Debate

For years, speaking in tongues has been debated mainly between those who believe it ceased in the days of the apostles and those who believe it should still be evident in the modern church. Now, another debate about glossolalia is quietly playing out in the Pentecostal-charismatic world. Is tongues the initial evidence of receiving the baptism of the Holy Spirit? What do you believe? Go to debate to listen to two Pentecostal-charismatic scholars discuss this issue. Let us know what you think by joining the discussion online.
