

5 Major Signs of the End Times Happening As We Speak

Multiple signs of the end times manifested recently, from China's military plans to President Donald Trump's commitment to the Jewish people.

First, new satellite evidence China may be gearing up for a missile attack against the United States, some speculate.

Xinhua, the official press agency for China, also vowed that its "armed forces will make the necessary preparations and resolutely safeguard the nation's security," CNBC reported.

Other signs include a push for more artificial intelligence, a potential connection point for the mark of the beast; and growing Islamic influences.
