

9-Year-Old Child Was Walking on 9 Toes Until God Sent a Miracle

When mom Emily Meachum saw her son's foot, she gasped, falling to the floor in tears over the infection that was eating his toes.

"It felt like nothing at first, and then it started getting worse and worse," says 9-year-old Timmy Meacham.

But the boy refused to speak up.

What started so simply was not going away with traditional medicine.

"When one of my kids is ill or injured, I'm always praying for them," Emily says.

That's when God spoke to one of the *700 Club* hosts, and Emily knew God had heard her prayer.
