

A New Expectation of the Church Is Awakening

We are living in transformational times that will awaken a new expectation of the church. With the recent health “crisis” and governmental influence reaching into the American church more than previously perceived, there is a separation happening that the church could not have fully envisioned several years ago. The majority of Christian churches are still not meeting because of many forms of limitation. However, there is a remnant who is digging deeper into the Holy Spirit and producing something supernatural.

In 2018, the Holy Spirit started showing me a series of visions involving an angel being sent to pour out the spirit of justice upon the U.S.

I saw an angel sent to the mouth of the Mississippi River pour out a vial of oil titled “Justice.” As soon as the oil touched the waters, the mud disappeared, and the waters became crystal clear from the river’s mouth all the way to the northern parts of Minnesota. I saw people coming out of buildings and gathering at the river, being equipped with the armor that could now be seen in the riverbed. We are now in this time!

The true justice of the Lord is being poured out now in America, granting supernatural access between heaven and earth. In this discovery period, the remnant is being supernaturally equipped in worship gatherings and prophetic encounter sessions. A rebirthing of the true rest that only the Holy Spirit can produce is creating boldness. Dead, organized religion hiding in the muddy waters is being exposed by the spirit of justice.

Only Christ could orchestrate this new preparation of the remnant for the next wave of global harvest that is coming. A

new breed of missionaries birthed in the supernatural river of the Spirit will be sent to the world as a result of this season!
