

A Prophetic Update on China's Hidden Information

I'm praying and I'm searching. I'm scanning the headlines. I'm standing in faith. On April 23, the Holy Spirit showed me China is hiding information that needs to be released in the next 30 days—information that could impact the next 30 years.

On April 24 I released a critical prophetic word to rally intercessors to pray for exposure of that information within that 30-day window. I also released an important video with additional details.

Where do we stand?

Hours after my article release, published its own article titled, "Mitt Romney: Coronavirus waking U.S. up to Chinese threat of world dominance." The article quoted from Romney's op-ed in *The Washington Post*.

"America is awakening to China. The COVID-19 pandemic has revealed that, to a great degree, our very health is in Chinese hands; from medicines to masks, we are at Beijing's mercy. ... Today, however, Beijing's weapon of choice is economic: The tip of its spear is global industrial predation," Romney writes.

"China not only steals technology from other nations, it massively subsidizes industries it determines to have strategic importance. Further, it employs competitive practices that have long been forbidden by developed nations, including bribery, monopoly, currency manipulation and predatory pricing."

Fox reports: "The 'increasing confidence' comes from classified and open-source documents and evidence, the sources said. Fox News has requested to see the evidence directly.

Sources emphasized—as is often the case with intelligence—that it's not definitive and should not be characterized as such. Some inside the administration and the intelligence and epidemiological communities are more skeptical, and the investigation is continuing."
