

A Prophetic Warning About Bitter Prophets

Bitter prophets are rising, and some of it is the fault of a church who rejected them. But regardless of the reason why we're seeing more bitterness polluting the prophetic, it's each individual's responsibility to keep their heart clean.

The Holy Spirit is issuing a serious warning about bitter prophets. The Lord impressed these words on my heart:

"Beware of the bitter prophets releasing bitter curses out of their bitter hearts. Pray for them, because their end will be bitter if they don't repent. They are bringing great harm to my body with manipulative maneuvers that seduce, deceive and derail.

"Don't come into agreement with the bitterness, lest you be defiled also. God shall not be mocked; whatever a man sows he will reap. Bless and do not curse."
