

A Winning Playbook

In *Dare to Be Uncommon*, Super Bowl-winning coach and best-selling author Tony Dungy dispenses wisdom on leading a successful team—whether at church, at home, at work or on the field. The four-part small group study set has two tracks, one tailored to sports teams and the other for churches, each emphasizing the importance of character in attaining success. The study is supplemented by a *Playbook for an Uncommon Life* paperback, available in packs of six.
