

Alveda King: Tonya Reaves Forgotten in NAACP's Support of Reproductive Genocide

"In the wake of seemingly endless moral debacles such as **Planned Parenthood's** slaughter of **Tonya Reaves**, a young Chicago mother, and Washington's almost manic stronghold tactics to weaken natural marriage, thousands of African Americans are outraged by the NAACP's support of abortion and homosexual marriage," says civil rights activist and minister Dr. Alveda King.

NAACP protests demanding that they support reproductive justice and natural law are mounting. Hundreds of NAACP members have already burned their membership cards in protest of NAACP's stance on various issues like gay-marriage and their support of and alliance with Planned Parenthood, the largest **abortion** provider in America who is responsible for the charge towards the **reproductive genocide** of Blacks.

"This year we shudder to recall the pain and suffering of the millions of mothers and our dead babies after 40 years of the landmine decision of Roe vs. Wade which made abortion legal in the United States in all nine months of pregnancy. My Great Grandfather, Dr. Adam Daniel Williams pastored Ebenezer Baptist Church for over 25 years and was a founding member of the Georgia NAACP. He and his successors; my Granddaddy M. L. King, Sr., Uncle M. L. King, Jr., and my father A. D. King, Sr. all taught and embraced biblical governance. This means that historically and currently the 'King Family Legacy' embraces natural law," said Alveda.

"Our bloodline embraces the teachings of Jesus Christ, outlined in the Holy Bible. The Bible is clear on the tenants of natural life, natural marriage and family. The NAACP's

departure from the wisdom and life affirming principles of the Bible is very alarming, and must be confronted to ensure the safety, security and future of our children,” King added.

In their book *Life At All Costs*, Alveda and other Black leaders point out that the NAACP has done little in the recent past to protect and advance the reproductive continuity of Black people in America, and less to support women by offering healthy pregnancy options including pregnancy support groups and adoption.

“In fact, their alliances with Planned Parenthood and the anti-natural marriage lobby helps to ensure that the numbers of African American births continue to be curtailed,” the leaders say.

“America is under attack by a three-headed monster, racism, reproductive genocide, and sexual perversion,” says Dr. King. “This monster is destroying America from within. America needs to repent for not shunning the sins of our forefathers.

“We need to forgive and receive forgiveness for the harmful, hurtful influences of slavery and subsequent ties to sexism and racism. We need the blood of Jesus to cleanse us and the full armor of God to protect us,” says Alveda who is a spokesperson for the “Silent No More Awareness Campaign”; and has received forgiveness and healing for her abortions.

“The NAACP needs to return back to their roots and start fighting for biblical values before they become obsolete. It’s been 150 years since Emancipation was penned. Babies are still not free. Wake up NAACP,” King concluded

Alveda C. King is the daughter of the late slain civil rights activist the Rev. A.D. King, and niece of Martin Luther King Jr. She is also a civil rights and pro-life activist, as well as director of African American Outreach for Priests for Life. [Click here to visit her blog.](#)
