

Amanda Grace Reveals the Mysteries of the DNC

In a new livestream, Amanda Grace revealed some of the prophetic implications surrounding the DNC after she had a very vivid dream earlier this month and a word from 2023 that came to pass.

On Aug. 9, Grace had a dream which she believes represented the location of the DNC and the lawlessness and rebellion taking place there.

“What I saw was this long, rectangular looking building,” Grace says. “On one side there was a body of water and nearby there looked to be greenery or a small park.”

This description matches what the location of the building where the DNC is meeting.

This dream then went in a different direction as Grace then saw a man in all black scale the side of the building.

“He’s got a very well-equipped had artillery on, and his movements were way too fluid to be an amateur,” Grace describes. “Now, this individual could have represented the spirit of lawlessness and unrest that was going to hit the DNC.”

Grace also points out the significance of the DNC being held in Chicago during a time of political turmoil and unrest. She

believes this year's Democratic National Convention is a mirror of the 1968 convention. The convention of 1968 was held in Chicago and came during a time when Lyndon Johnson decided not to seek re-election, RFK had been assassinated earlier in the year and protests were abounding at the time of the DNC.

"This is how the enemy works in cycles to accomplish his exploits and agendas," Grace says. "That's why generational cycles, political cycles, cycles of nations, he works through those cycles in order to accomplish similar things."

Not only does Grace believe that this year's DNC is part of a political cycle, but she sees how it could be the fulfillment of a word she received last year on Jan. 27, 2023. In this word, four leaders met in secret to discuss a "leader swap."

"Four leaders have met from such committees," Grace's word says, "And in this meeting they have discussed a leader swap with each one at a table playing a says the Lord, they have discussed shutting down grids, markets and key parts of the country to scare the people and herd them like cattle into their plans."

Of all unexpected outlets, Grace points out that the Daily Mail broke with the news recently discussing a secret meeting that supposedly took place between Barack Obama, Nancy Pelosi, Bill Clinton and Chuck Schumer about ousting Biden from the White House.

Through dreams, uncanny political cycles and prophetic words coming to pass, we can see that what is happening at the DNC is much more than what meets the eyes on the surface.
