

An Astounding Answer to Some of Your Puzzling Questions About Scripture

Have you ever wondered about certain Scriptures like the Tower of Babel, the mysterious Nephilim reference in Genesis 6 or the appearances of the divine counsel of God mentioned in several Old Testament passages? The Bible is filled with many stories, revelations and hidden meanings that can leave modern-day Christians scratching their heads or skipping that particular Scripture and missing what God originally intended it to mean. Dr. Michael Heiser, author of *The Unseen Realm: Recovering the Supernatural Worldview of the Bible* has made clarifying the Bible and God's Word to the modern-day Christian one of his greatest passions.

During a casual conversation with a friend at church, Heiser stumbled into a passage of Scripture, Psalm 82:1, that thrust him into the discovery of a lifetime. This insight revolutionized the way he interpreted the Scripture as a whole, and he's never been the same since. During this awakening, Heiser wasn't a nominal believer; he was a studied theologian and teacher at the highest level of Christian academia.

This means we never fully arrive. There is always so much more to know about Christ and His glorious gospel; we just need to be humble enough to receive it.

Michael Lombardo took the opportunity to read Heiser's work, *The Unseen Realm*, and he couldn't put it down. He finished this 400-page book in five days. I strongly believe that as you tune into this episode of the *Awaken* podcast, you'll be truly hooked as Michael was, and you'll get answers to puzzling questions you've had as well as an even deeper hunger

to seek and find the truth of Jesus.
