

Apostolic Council of Prophetic Elders Shares Prophecy for 2019

Recently I participated in the 20th annual gathering of the Apostolic Council of Prophetic Elders (ACPE) in Dallas, Texas. This group was founded by C. Peter Wagner and includes established international and national prophetic leaders such as Cindy (Chairman of the ACPE) and Mike Jacobs, Bishop Bill Hamon, Stacey Campbell, Sharon Stone, Rick and Patti Ridings, Will Ford, Beth Alves, Harry Jackson Jr. and many others. In recent years, several next-generation leaders have been added as well, such as Matt Sorger, Becca Greenwood, Stephen Springer, Jon and Jolene Hamill and others.

First Corinthians states that we see in part, we know in part and we prophesy in part. But as commissioned, seasoned prophetic voices come together and submit their individual revelation to one another, a more complete picture is confirmed for the body of Christ.

As one of the founding members, I wanted you to receive the full report from this powerful gathering, during which these prophets leaned into the Lord and shared what they heard Him saying to the church in this hour.

The following is a compilation provided by Cindy Jacobs of the prophetic words given by the ACPE:

I want to share with you what God has been saying for 2019, and I'm very excited about everything ahead.

This is a compilation of words sent to us from the Apostolic Council of Prophetic Elders and many of the well-known prophets from 65 nations during the Global Prophetic Summit. As I was looking through everything, it's really amazing, but

one thematic thing, which excited me, was that God's going to use women in a greater way!

Below is a summary of the prophetic words being released for 2019. Watch the video for more details and additional teaching on some of the concepts and how to apply them to your life.

Supernatural Acceleration

This was a word the prophets received in 2018, but we believe it is extending into 2019: extreme acceleration. The season of "suddenlies" will continue.

Women, Rise Up

A common theme coming from prophets around the world is that God is going to use women in a greater way. They are going to take their place, embrace their right to preach and be in ministry. Men and women should work side by side.

A keyword is *multigenerational*. Both men and women will work together across the generations.

Possessing the Gates of the Enemy

This word from last year proved to be very accurate. There were great advances made in many nations, even places known for religious persecution. Pastors and other leaders who had been imprisoned were released. Doors are opening with government leaders. Prophet after prophet is being given the opportunity to meet with their presidents, royals and so on.

North Korea

We sensed a little warning: Step it up in prayer for North Korea. The situation could flash again and cause some problems.

Joyful Increase

Even a blessing can cause stress. The season of suddenlies and

acceleration is so important, but the Lord is really saying, when the suddenlies come, be ready to stay in joy.

Satan doesn't want us to have joy; he wants to steal joy. He wants to stir up situations in your life to make you feel that God isn't good, that you're not going to have multiplication or increase. It's about choices. You need to make a choice that you're not going to get robbed.

The birthing process really models this because, at the time, you've got the promise, the child's there, it's ready for delivery, but the most troubling time for a woman is during that birthing process. Then you have to really press through to the very thing, the increase, that brings such joy. When you're going through a joyful increase, many times you'll feel a stretching.

Year of Transition

2019 is a year of transition into the blessings, as we're moving toward 2020 (see 2 Chron. 20:20, believe the prophets, and you will prosper and be blessed). To build on the previous section, this is a year of birthing new things, of transitions. We need to remember there is joy set before us. In the midst of birth, you have to remember this is going to be something you're going to rejoice about. But sometimes people get caught up in the transition, and they think, "Well, this is just my life now." No; it's a transition. Don't lose sight of the promise.

This is true for a lot of you. God's been giving you dreams, visions and a sense that you're to move forward in a certain way during this next season, but as you've begun trying to move forward, you're getting resistance. It's a time where we're going to have to learn and relearn and use the principles God's already shown us. See the end result and keep the end result before your eyes, so that you can be joyful, looking beyond the circumstances to what you know God has for

you.

Culture Shifts

There will be a marriage of revival and reformation.

We're going to see nations embracing values, and many will shift from being goat nations to sheep nations (sheep nations are in line with God's promises; goat nations are not).

God is releasing a focus on evangelism. This is ultimately the reason prophets gather together and seek a word from the Lord, so people can be released to impact their nations.

God is creating miracles and releasing the game changers that will shift world governments. It will allow for God's government that has no end.

Creativity

We are moving into a season of amazing creativity. We are seated with Christ in heavenly places, and what does He do in heavenly places? He creates. He has never stopped being the Creator: the same yesterday, today and forever. Because we're made in His image, He wants to release in us an amazing amount of creativity.

Shakings and Upheavals

We do feel a warning—2019 is going to have some shakings and upheavals. There's going to be government upheavals. There's going to be some polarity. But God is going to cause you to get through it and get through it joyfully. {eoa}
