

Apostolic Sons

Jesus didn't come to earth just to take us to heaven so we could sit on clouds, playing harps! He came to establish a *new* kingdom order. His perfect sacrifice on the cross was made and finished in order to enable believers to bring heaven's dominion, perceptions and administration as realities onto this earth.

The Revelation of Apostolic Sonship

The divine pattern (template) is for us to become grown-up sons and joint heirs.

Our success does not come through the popularity of our names or ministries but rather in building God's purposes. We should influence with kingdom perspective in every arena of life. However, individually, we can only reach a limited sphere.

To increase our reach (*metron*), we reproduce ourselves in sons (not gender-defined, meaning both men and women) who are able to carry the vision.

While we are spiritual earthly parents, our spiritual children are corporately God's sons.

Having spiritual sons is not about leaving our personal legacy (or our generational legacy) or creating a big apostolic network. Rather it is all about building God's generational intentions in this world.

Every believer is a son (*teknon*, child) but Romans 8:19 tells us that "all creation is anxiously looking to see the manifestation of the (grown-up, *huios*) sons of God." The world wants to see the grown-up son eating strong meat—not believers still dribbling pabulum down their bibs.

Jesus is never called the *teknon* of God but is always referred to as the *huios*, Son of God. Jesus is the Son—the expression

of God's character.

We mentor our sons until they become grown-up sons who will mentor others.

Our *metron* (effective scope or reach) of authority is increased by the effective growth of our sons. Together with them, we accomplish the will of God without hierarchy.

Sons minister out of being sons.

Sons establish the order and culture of the kingdom of heaven upon this earth (Matt. 6:10).

Sons are graced with the DNA of their parents that propels them to fulfill their own callings.

Sons are given kingdom authority on this world.

Sons advance from being disciples to being apostles.

Sons have the authority to release heaven onto this earth (Matt. 16:19).

Sons move from faith to faith and from glory to glory.

Sons move past being observers to becoming benefactors.

Sons progress from being onlookers to pioneers.

Sons shift from being just followers to advancers.

Sons advance from the resurrection to being the resurrected.

Sons develop from being team members to being team leaders.

Sons progress from being servants to being soldiers.

Sons advance from being believers to kingdom strategists.

Sons grow from being heirs to triumphant rulers of their inheritance.

Sons move from being ordinary to being Christ-focused truth bearers for kingdom impartation, influence and release.
