

Are You Part of the Cross Power Generation?

Many people think of the cross as a symbol of shame, horror, defeat, foolishness and absurdity. Though Jesus is sinless, He was made a curse for us. He took our place and bore our punishment on Calvary's cross. Yes, it is the preaching of the gospel and the cross that souls can call upon the name of the Lord and be saved. There is power in the gospel message, the *logos* Word of the mighty cross, where Jesus paid the price for our redemption and salvation.

The cross of Jesus Christ is the cornerstone and foundation of our faith. Any message that does not have the cross and the blood of Jesus is perverted. There is a true gospel and a false gospel. A false gospel is full of pride and self-righteousness, full of law, religion and good works. Such a gospel cannot save. Such a gospel is accursed. What then, is the true gospel? It is the power of the cross, the gospel of grace, the Good News of the new covenant—that Jesus saves, heals, delivers, baptizes in the Holy Spirit and is coming again! It is the revelation of Jesus Christ, of Him crucified and resurrected. It is the gospel that breaks bondages and heals the broken in heart, spirit, soul and body.

Are you part of the cross power generation? Tell others who Jesus is and what He has done for you. We want to bring our loved ones and friends—as many people as possible—to experience the Good News and know the Lord too. Let's reach out to others in our generation and from all backgrounds. Together, let us fulfill the Great Commission under the anointing of the Holy Spirit!
