

Battle for Terra

🚫 Lionsgate | Voice cast: Evan Rachel Wood, Luke Wilson, Amanda Peet, Dennis Quaid, Danny Glover, Rosanna Arquette, James Garner, Chris Evans | Rated PG

The attack of the ... humans? Typically with stories about aliens and humans, it's the aliens who are trying to take over. But this time, the tables are turned. Earth has been destroyed, and the last survivors of humanity must fight for planet Terra in order to survive. It seems an all-out war between the two races is inevitable.

A young Terrian and an injured human pilot begin as enemies but eventually become friends. Will they be able to convince leaders of both sides that fighting is not the solution?

This animated film is rated PG for science-fiction action violence and some thematic elements.
