

Ben Carson: Hillary Clinton Employs Luciferian Tactics

Former Republican competitor and now Donald Trump supporter Ben Carson claimed rival Hillary Clinton employs Luciferian tactics during his Republican National Convention speech.

The connection stems from Clinton's vocal support of Saul Alinsky's book, *Rules for Radicals*, which acknowledges Lucifer as the original radical.

"Lest we forget at least an over-the-shoulder acknowledgment to the very first radical: from all our legends, mythology, and history (and who is to know where mythology leaves off and history begins—or which is which), the first radical known to man who rebelled against the establishment and did it so effectively that he at least won his own kingdom—Lucifer," Alinsky wrote.

Clinton penned her undergraduate thesis about Alinsky, and Carson says the author was one of her mentors.

"Please read the book," Carson says. "It's very interesting in how it uses controlled anarchy in order to change us from a democratic republic to a social society."
