

'Bidengate' Exposes Serious Moral Problems

What started as a political scandal rooted in financial corruption involving former vice president and Senate foreign relations chair Joe Biden and his family has taken an ominous turn with the discovery of what long-time investigator Chris Mitchell called "the most disgusting, evil and revolting things I have seen in my life."

Mitchell was describing images of children, included in nearly 30,000 images with Hunter Biden and Chinese children, as well as with the children of his brother, who died in 2016. The images are so revolting the FBI is investigating.

According to one news source, National File has obtained what a whistleblower has identified as a copy of the complete diary of Ashley Blazer Biden, 39-year-old daughter of Democratic presidential candidate Joe Biden. The diary is said to date from during the 2020 presidential campaign. In it, she is said to explain her widely publicized struggle with drugs and "probably not appropriate showers" as a young girl with her father, Joe Biden, who has long been plagued with occurrences of inappropriate public interactions with young women.

"Was I molested," she said. "I can't remember specifics, but I do remember trauma." She lists a series of incidents, one of which included her cousin Caroline Biden. According to the *New York Post*, which first broke the bizarre computer story, "Hunter Biden allegedly provided thousands of dollars to people who appeared to be involved in human trafficking or prostitution."

Photographs of underage children and other very sensitive material were discovered on Hunter Biden's laptop, according to former New York Mayor Rudy Giuliani. The laptop was turned

over to Delaware police. In an interview, Giuliani addressed a text message from Hunter to his father complaining about how his sister-in-law, with whom he was involved after the death of his brother, Beau, told her therapist that he had been inappropriate with a 14-year-old.

What begins to come out is that Joe Biden's son, Hunter, is a victim of his father's rampant pursuit of power and money. In another email, "an agreement under which 80% of the equity shares in a new company would be split among four people," with "H" apparently referring to Hunter Biden and "10 Jim" being the former vice president's brother, Jim, and "10 for H for the big guy," confirmed to be Joe Biden by a Biden associate.

Tony Bobulinski, the former business partner of Joe Biden, said in a press conference that he heard Joe Biden say he has never discussed business deals with his family. "I can say personally that is not true," he said, while having brought three cellphones to the press conference. At the time, he confirmed deals that he believes puts the vice-presidential candidate under longstanding blackmail from the Chinese government.

"Now the works of the flesh are revealed, which are these: adultery, sexual immorality, impurity, lewdness, idolatry, sorcery, hatred, strife, jealousy, rage, selfishness, dissensions, heresies, envy, murders, drunkenness, carousing, and the like. I warn you, as I previously warned you, that those who do such things shall not inherit the kingdom of God" (Gal. 5:19-21).

Bestselling author of *God, Trump, and COVID-19* Stephen Strang writes on , "Using new terms like progressive ... may sound appealing to some," he says, quoting Franklin Graham, "but progressive Christianity is simply another name for theological liberalism, and it accompanies a permissive lifestyle that ignores God's call to holiness and obedience.

There is really nothing progressive about it, other than an increasing slide into sin and disobedience.”

In just seven days, voters will make a stark choice, not simply in political terms but based on the newly exposed financial and moral failures. The lives of 61 million precious babies who were never born, the regularity of sin, religious freedom and morality are all on the line. It’s time for the 59 million believers who did not cast their votes in 2016 to get out and vote. {eoa}
