

Brand-New 'Case for Christ' Trailer Will Give You Chills

Atheist Lee Strobel spent his whole life revealing the truth. When his wife challenged him with Jesus, Strobel set out to disprove her.

What followed was the international best-seller *The Case for Christ*, which documents Strobel's journey from atheism to Christianity.

Now, the makers of *God's Not Dead* have filmed the story behind the former *Chicago Tribune* editor's book in a movie by the same name.

Starring Mike Vogel (*Under the Dome*, *Bates Motel*) and Erika Christensen (*Parenthood*), the film premieres next April.
