

Breaking Ties With the Orphan Spirit

I was recently speaking at a conference and heard a stunning message by Patricia King. As she uncovered the roots and effects of the orphan spirit in the church, the Holy Spirit descended upon the hearts of God's people. It was obvious God was touching something deep within His people that the Lord wanted to deal with.

So what exactly is an orphan spirit? How does it manifest? How does it impair our ability to walk in the fullness of the call of God on our lives? Why should we care about it, and most importantly, how in the world can we get free from the oppressive demonic agenda that this stronghold brings? These questions and many others are explored in my interview with Patricia King on my new episode of the *Move Forward with Dr. Kim Maas* on Charisma Podcast Network.

King shares her wisdom and discernment about the times we are living in and how the demonic agenda of an orphan spirit is attempting to keep us from receiving all God has for our lives. If the enemy of our souls can keep us from receiving all God has for us, then he can keep us from doing the supernatural work Jesus has called us to, and the kingdom of God suffers.

Join King and me as we talk about the orphan spirit. This episode is filled with solid biblical teaching as well as King's powerful prophetic insights into the times we live in. Don't miss her word of knowledge for healing and her time of prayer and impartation.
