

# Captured by Grace

 By David Jeremiah | Worthy Media Inc. | \$195

Author and pastor David Jeremiah asks, “What does grace look like when it steps off the pages of Scripture and onto the cracked sidewalks of life?” The new *Captured by Grace* seven-week Bible study is an in-depth look at what it means for grace to be applied to our everyday lives.

“Grace heals our brokenness and trumps our weaknesses, transforming us from victims to victors in a world that does its best to drag us down. One experience of God-filled grace can change anyone’s troubled or scandalous past—or even a broken present—into a life of peace and purpose,” Jeremiah says.

Each kit includes seven video segments, a leader’s guide, an audio leader’s guide, a workbook, a resource DVD-ROM and much more. [Click here to purchase](#) or to get more information.
