

Censorship on Steroids: From Facebook to the Founding Fathers

Pastors Randy Rice and Curtis Hill discuss some very timely topics on episode 19 of The Prophetic Pulse Podcast.

“Harmful Content” labels on the founding documents of our nation:

, a database which digitizes our government’s historical documents, decided that some of the content in these important documents can be harmful to the reader. Thankfully, Texas Congressmen Dan Crenshaw and others brought this to light and now the labels have been removed. However, this was a huge warning sign that the people who are supposed to be stewarding some of the greatest literature ever written feel the need to warn everybody that documents like the Constitution, Declaration of Independence and the Bill of Rights contain harmful content. It might as well have said, “Warning! Snowflakes may melt upon reading!”

This tactic of the Left to paint our history as evil is just one that they are using to take complete control of our lives. You have to hear Curtis Hill as he reads all of the supposed elements that make these documents harmful and the absurdity that is plaguing us today.

Truth Social:

President Trump is launching his own social media platform at the beginning of 2022!

He created this to stand up to the tyranny of Big Tech. The Taliban has a huge presence on Twitter but the former president is still banned!

There are so many media outlets/social media platforms that present an untrue narrative and try to control people's opinions. The Facebook whistleblower on 60 Minutes was just a plant to try to push the censorship agenda before Congress. They knew that President Trump was going to start Truth Social and they wanted to be able to continue to censor him.

However, people are waking up to the lies and we are working together to put this to rest.

The devil mocks the truth. Once a person discovers the truth, the lies have no power over them. President Trump exposed so much! God uses the most unique people to accomplish His works.

There will be a Prophetic Pulse account on Truth Social as soon as it starts up!

Pastors More Like Politicians Than Shepherds:

Pastor Randy noted a study showing that 70% of born-again Christians don't believe Jesus is the only way for a sinner to be saved and go to heaven. Censorship started with the PC/Marxist movement and it has crept into the church. Some Christian leaders do not want to speak of political things; but if evil is happening in the political realm and we do nothing, we are contributing the problem.

Psalm 11:2-3 (NIV): "For look, the wicked bend their bows; they set their arrows against the strings to shoot from the shadows at the upright at heart. When the foundations are being destroyed, what can the righteous do?" Join us on the Prophetic Pulse Podcast and listen to Pastors Randy Rice and Curtis Hill as they break down each of these points and share their prophetic perspectives on current issues in the world and what God's will is for our current season. {eoa}

In 2018, Pastor Curtis Hill joined Pastor Randy Rice as an associate pastor, and the two have since established a relationship as apostle and prophet to the body of Christ in

their local church and region. Together they have authored two devotional books and seen hundreds of people saved, baptized and filled with the Holy Spirit. Pastors Randy and Curtis share a heart for the church in America, to see the saints equipped to minister the kingdom effectively in these uncertain days. Following the 2020 election, they began the Prophetic Pulse Podcast to teach and equip their congregation and online community with wisdom and discernment regarding national events. The focus of the Prophetic Pulse is to encourage the body of Christ to hear God's voice for our world, stand on the truth of the Word and then engage culture with the power and love of Jesus.
