

Charisma News Brief: Celebrity Likens 'UFO' Encounter to Being Touched by God

Actress Goldie Hawn recently shared what she believes was a UFO encounter while she was in her twenties, likening it to being "touched by God."

On an Apple Fitness+ audio experience, a Time to Walk, Hawn said that she heard a high frequency pitch which was accompanied by an encounter with three aliens that she said touched her.

"It was the most benevolent, loving feeling. This was powerful. It was filled with light," Hawn said.

Unfortunately, we know that the alien hoax is part of a great end times deception to lead people away from the truth of the gospel. Remember, even Satan disguises himself as an angel of light to trick and deceive people away from Jesus.

In an exclusive interview with Charisma News, Nephilim expert L.A. Marzulli provided the warning about how aliens would be used to try to deceive away even the elect if possible.

"What is the truth? The truth is this: in the beginning was the Word, and the Word was with God and the Word was God," Marzulli said. "We either believe that, which is the we believe the fallacy of a Darwinian paradigm which says that over billions of years that somehow the complexity of life and

the unbelievable genetic code of the DNA molecular structure just somehow happened.”

Marzulli acknowledges that our culture’s recent fascination with aliens is part of a strong delusion.

“We are seeing the beginnings of that strong delusion, and the strong delusion is, ‘Well, there is no God,’” Marzulli said.

The reality is regardless of whether or not celebrities or others try to convince us otherwise of the goodness of aliens, as Christians we must stick close to the truth of Scripture and what it highlights to us about the end times. {eoa}
