

Charisma News Brief: Hundreds of Students Baptized at Auburn University

Around 200 students were baptized at Auburn University during a Night of Worship event where speaker Jennie Allen gave a message that ended with dozens of students raising their hands to get baptized when asked if they were ready for this next step of commitment in their relationship to Christ.

“Last night I finished a message at Auburn and was off stage and a student texted the pastor beside me [that] they wanted to be baptized tonight,” Allen wrote on Instagram. “So I went back on stage and asked if anyone else wanted to trust Christ and be baptized. Dozens raised their hands.”
