

Chris Brown Hears From God, Says He's Tired of the Devil Ruining His Life

Chris Brown says he has heard God speak, and he's tired of the devil ruining his life.

According to the rapper's Instagram, it appears he's been fighting a spiritual battle for some time, and he's tired of the devil ruining his life.

Now, though, Brown says he's heard God speak to him:

"What's on the surface always looks like one big party but inside there is a little boy looking for help and guidance," Brown writes. "People say 'be a man'. Yeah, that's right but it doesn't take away any pain you really go through."

He says he has no more patience for anything that will cause him to self-destruct.

Brown's social media followers are reaching out with prayer and support.

"I heard and seen your cry God heard your cry I know how you feel you still have everything but you like something is missing it is God all the devil wants is to give you everything of this world and take your soul," one commenter writes.

Another writes: "No weapon formed against you shall prosper, God is with you, keeping you in prayer!"
