

Christian Crowdfunding Site Steps Up to Support Truckers After GoFundMe Betrayal

With the sudden cancellation of the GoFundMe platform supporting the freedom-loving Canadian truckers, the original Christian crowdfunding site, Buck4Good, has stepped up to fill the gap on an emergency basis.

“We join with our fellow believers leading this wonderful expression of love of country, love of the Lord Jesus Christ and of His kingdom” said founder, Dennis Wadley of Buck4Good.

Buck4Good pioneers the Christian crowdfunding space following multiple requests for help from missionaries, pastors and Christian organizations finding them less left without the ability to support their ministries.

Along with its companion Processing For Good site, which provides credit card processing for any canceled by the cancel culture, Buck4Good has stepped up to provide support for Canadian and U.S. truckers and others.

“We are praying that this movement spreads worldwide as men and women of faith stand up to the totalitarian states worldwide, and we offer our services worldwide to any in need so that we can see this movement succeed” Wadley says.

The site is simple to access and navigate, with those wanting to help simply going to to access the site and support the efforts. Here’s a portion of what this fundraising page says:

The time for political over reach is over and the truckers are taking a stand. The Canadian government is implementing rules and mandates that are destroying the foundation of our businesses, industries and livelihoods. Canadians have been integral to the fabric of humanity in many ways that have shaped the planet.

Canada is a peaceful country that has helped protect nations across the globe from tyrannical governments who oppressed their people, and now it seems it is happening here. The truckers are taking their fight to the doorsteps of the

Federal Government and demanding that they cease all mandates against its people. Small businesses are being destroyed, homes are being destroyed, and people are being mistreated and denied fundamental necessities to survive. They are fighting to put an end to the illegal mandates. It is imperative that this happens because if the mandates do not end Canadians will no longer be the country they have come to love. The truckers are doing this for the future Generations and to regain their freedom.

It's a small price to pay for freedom. We thank you all for your Donations and know that you are helping reshape this once beautiful country back to the way it was.

The GoFundMe campaign raised over \$10 million, which was frozen at the \$1 million level, with \$9 million shamefully returned to donors as the movement seeks to meet its goal of \$16 million to support the truckers worldwide

“With antifa and Black Lives Matter Inc. embroiled in scandal over massive corruption and with no intervention from GoFundMe, the public has finally seen the evil firsthand,” commented one involved with the campaign. “We are just regular people—your neighbors, friends and relatives who have finally had it and are standing up for all of us.”

Prayer is requested for the persecution of the drivers, supporters and those involved in Canada, the U.S. and worldwide, with special prayer for their blessing and the anointing of Jesus. {eo}
