

Cindy Jacobs: 'The Tide Is Turning'

Generals International's Cindy Jacobs says the tide is turning for believers in 2016. Even if the enemy comes against you hard, she says, he's only doing his job.

"When the enemy comes against you like a flood, get excited, because something supernatural is about to happen," Jacobs says. "The Spirit of the Lord will raise up a standard against him. We're called to live an abundant life. You have to get into the Spirit and go higher."
