

Demonic Tattoo Removal Top Priority for Redeemed Model

In keeping with her recent declaration stating that Jesus Christ is her Lord and Savior, former adult model Angela “Blac Chyna” White has continued her quest to dedicate her body as a living temple to the Lord.

Now, she is going through the painful process of having a literal demonic entity removed from her body.

Keeping her still monolithic fanbase up to date on her lifestyle, White posted a video explaining her reasons for wanting to eliminate the demonic image.

“So y’all know that I got this Baphomet tattoo,” White said. “It’s got to come off, you know what I mean? I’m not about to have no mark of the beast, nothing like that.”
