

Discover the Mystery of the Hiram Code

Anyone who knows me or has watched my program *Ron Phillips From Abba's House* for any length of time knows two things about me.

1. I love Israel. God said of Israel, "I will bless those who bless you, and I will curse those who curse you." The nation of Israel and the Jewish people have always been close to my heart. I have traveled to Israel over a dozen times. We are a part of the One New Man partnership with Rabbi Curt Landry's ministry, House of David, in Tulsa, Okla.

We have invested time, resources and energy into bringing our viewers products made exclusively in Israel, such as the King's Oil, as well as the *tallits* (prayer shawls) our ministry offers. Every time someone buys one of these products from our ministry, it blesses the people of Israel.

2. I am fascinated by archaeology and science. I love the way God reveals Himself and proves His Word through nature around us as well as through archaeology and studying the past. In my more than six decades of life, I have learned that if skeptics and critics will simply be honest and look at the facts, the Bible will come out as being exactly what it is: the historically accurate account of the love of God to man—the true, living, and infallible Word of God.

With that being said, unlocking the secrets of the Hiram code was something I dove into with both feet! The more I read and studied, the more fascinating and intriguing it became. The revelations that scientists have made in recent years are shattering our understanding of our own history. For example, did you know ...

- That the ancient craftsmen Phoenicians intermarried with

the Jewish tribes of Dan, Naphtali and Zebulun?

- That the Cherokee Indians share 26 genetic markers with the Phoenicians and five with the Jewish people?
- That depleted gold mines in the eastern United States, as well as depleted copper mines in Michigan, have been discovered that pre-date Columbus?
- That a stone containing Hebraic writing was discovered in Los Lunas, N.M.? The Los Lunas stone also pre-dates Columbus.

What is more interesting is that the Hiram code also holds valuable secrets that can unlock blessing in our lives today.

- How can we release prosperity as a nation?
- How do we become disqualified for blessings and favor?
- How can we be assured of walking in the presence of God
