

Discover Your Passionate Prayer Life With Hakeem Collins

Prayer is the foundation of our lives as believers in Christ and the very air that we breathe. Lack of prayer is a fruit of independence, while a life saturated in prayer reveals our utter dependence on God.

Many people struggle with their prayer lives, and it has become more of a religious ritual than a vibrant effortless union with God. It's become more about the action of prayer than the heart of prayer, and we miss the point altogether.

Do you want a passionate and effective prayer life? Do you think your words are falling to the ground instead of the ears of your heavenly Father?

In Hakeem Collins' latest book, *10 Prayer Secrets*, he maps out 10 realities that have the power to reignite your prayer life from dull and mundane to passionate and explosive. God has given us an arsenal of tools for us to use to advance His kingdom on earth, and prayer is the most potent.

In the Gospels, Jesus taught His disciples how to pray, and it's imperative that we take that mandate to heart. The Word of God states that the prayers of the righteous accomplish much (see James 5:16). They release angels and bring divine protection. We get to release the kingdom over others through our prayers and so much more.

Tune into the latest episode of *Awaken Podcast* and find out more about this powerful weapon God has given us as believers to advance His kingdom. Michael Lombardo and Hakeem Collins tag team and break down the Scriptures beautifully to unveil the beauty and power of our union with God through Christ.
