

Do It Afraid

 Pahappahooey Island | \$

Joyce Meyer, best-selling author and popular Bible teacher, returns to the cast of Pahappahooey Island as Miss Ruby. This new DVD, *Do It Afraid*, teaches children about courage.

Ali (voiced by Ava Taylor) and her furry companions set out to discover lost treasure and to save Miss Ruby. Along the way, they encounter situations that cause them to be fearful: being by themselves and encountering a group of clucking chickens singing karaoke. The friends take to heart Miss Ruby's advice and continue their journey, despite being afraid.

The DVD also includes the additional episode "Never Alone," which teaches a similar lesson on overcoming fear. Children will once again enjoy more than an hour's worth of entertainment with the Pahappahooey gang.
