

Do Something!

 By Miles McPherson | Baker Books | hardcover | 224 pages | \$

In *Do Something! Make Your Life Count*, Miles McPherson challenges readers to make a difference in their lives and communities through the love of Jesus. Each chapter offers teaching couched in a real-life story demonstrating a biblical truth.

McPherson shares his personal experiences in dealing with drug addiction, unhealthy relationships and the pressures that come with being a professional athlete.

His painful journey eventually caused him to follow Christ. He shares stories of his friends and congregation members, showing how loving people can impact the world.

Myths about who can “do something” for the Lord often hide the truth that anyone with a willing and open heart can be used by God to do something amazing. With each teaching, McPherson offers a prayer and a tangible challenge to show love in a real way.

Do Something! is an inspirational read. Readers will appreciate the practical lessons—and the book’s concise chapters, along with an available DVD curriculum, make this book useful for small-group discussion.
