

# Does Obama's 'Shadow Government' Really Hold the Reins to Power?

Author Tom Horn says former President Barack Obama is running a “shadow government” a mere two miles away from the White House to foil President Donald Trump’s administration.

“We’ve got something going on now in Washington that really has never happened before in the history of our nation,” Horn shares on *The Jim Bakker Show*. “They are literally running what people in the Beltway call a ‘shadow government,’ [a] third-term pseudo-presidency that is literally committed to trying to resist the Trump administration on every level.”

Horn says this unit funded the fiery Berkeley protests.

But that’s not all. Watch the video to see more.
