

Don't Miss This Opportunity to Fight For Your Family

In a time full of controversy surrounding the American family, Dr. Tim Clinton's newest book, *Focus on the Future: Your Family, Your Faith, and Your Voice Matter Now More Than Ever*, couldn't come at a more poignant time. Released October 5, 2021, the book challenges readers to know the season they are in, maximize their opportunities, and ready themselves for the cultural battles that are sure to befall the country. America is at a crossroads, according to Clinton, and the fight for faith, family and future is not optional.

"I believe that the pandemic and the presidential election of 2020 have caused unprecedented changes in the fabric of our country," Clinton states. "Overnight our lives turned upside down, and the tone of our nation changed. As we emerge from these events, we are wondering what the future holds for our health, our jobs, our food supply, and our safety."

In a country with enormous cultural challenges right now, Clinton believes Americans face a "generational disconnect." Yet Clinton is not content merely to identify problems. As a respected faith leader, he's ready with solid solutions for everyone—no matter who or where they are.

Clinton states, "As Christians, we have the answers the world is looking for, solutions that can change the course of our nation. As we focus on the future, don't let it overwhelm you."

"This is a moment we cannot overlook," Clinton continues. We cannot miss the opportunity to step into the fight for our family, faith, and freedoms. We can—and, I believe, will—win this fight one family, one mom, one dad, one day at a time. Regaining our voice and reclaiming the ground we've recently lost are crucial in this hour."

In his new book, Clinton reveals:

- How to promote and restore the marriage contract and the family unit
- How to resist the forces determined to destroy biblical masculinity
- How to lead and protect millennials and Gen Z-ers from today's rampant temptations {eoa}
