

Dr. Michael Brown Calls Out Mind-Boggling Christian Ignorance from a Top Journalist

Republican candidate Ted Cruz made waves when he asked for the Body of Christ to rise up and support him.

But some, like Pulitzer Prize-winning journalist Kathleen Parker, had no clue what Cruz meant.

“I don’t know anyone who takes their religion seriously who thinks Jesus should rise from the grave and resurrect himself to serve Ted Cruz,” Parker said in a CNN panel. “Ted Cruz makes Donald Trump look like a gentle little lamb.”

Dr. Michael Brown—like many of the rest of us—says he’s ready to stand up and shout, “You’ve got to be kidding me!”
