

Dr. Michael Brown: How Jezebel Attempts to Paralyze You and Keep You from Your Destiny

One of Jezebel's most prolific weapons against God's children is the spirit of fear. Dr. Michael Brown says Jezebel is hammering believers with it these days to keep them afraid of the future and prevent them from doing the work God has ordained for them.

But with the Word of God as our fiercest weapon, Brown says Christians can fight back and put Jezebel in her place—defeat.

"We know that Jezebel paralyzes with fear," Brown told Dr. Steve Greene on a recent episode of "Greenelines" on the Charisma Podcast Network. "So we analyze the nature of fear. We analyze how fear is about something bad that is going to happen in the future. It's intimidating when people have panic attacks that they can't get out of.

"The first thing we do is teach people to overcome the spirit of fear by the spirit of faith—to meditate on God's Word, His promises, and not to fear because He is with us. Do that until those things become spiritually reality to us.

"In that reality, we can cast fear down. And then, we have to deal with sin in our own lives. We give practical guidelines to help do that. ... You must clean house first and focus on how you can defeat Jezebel in your personal life and discover all of the promises God has given you."
