

'Duck Dynasty' Clan Unveils Upcoming Books

Howard Books will be releasing three additional books from members of the Robertson family, stars of A&E's hit show *Duck Dynasty*.

Faith in the Duck Blind (tentatively scheduled for a March 2014 release) will be the first book from older brother Jase Robertson. *The Women of Duck Commander* (April 2014) will feature stories from the ladies behind the now famous bearded men. *Phil-osophy*, the second book by family patriarch Phil Robertson, is expected in stores in October 2014.

These new books will bring the total literary offering from the famous bayou family to eight books, including *The Duck Commander Family* by Willie Robertson and Korie Robertson with Mark Schlabach; *Happy, Happy, Happy* by Phil Robertson with Mark Schlabach; *Si-Cology* by Si Robertson with Mark Schlabach; *Duck Commander Devotional* by Alan Robertson (releasing Oct. 15); and *Miss Kay's Duck Commander Kitchen* by Kay Robertson with Chrys Howard (releasing Nov. 5). All eight are from Howard Books.

The three books already released by the Robertson family have enjoyed tremendous success, each with more than 1 million copies in print. They have also hit multiple best-seller lists, and both *Happy, Happy, Happy* and *Si-Cology* have seen No. 1 rankings on the *New York Times* best-seller lists.
