

End-Times Expert: The Papal Prophecy You Really Should Know

Editor's Note: As controversy brews over the Catholic Church with new sexual abuse allegations, author and eschatologist Tom Horn shares an excerpt from his book, Saboteurs.

As I am writing this chapter, Reuters News Agency just reported a “major shake-up of the Vatican’s administration” in which Pope Francis replaced Catholicism’s top theologian, Cardinal Gerhard Ludwig Mueller, who was the head of the department charged with defending Catholic doctrine—the Congregation for the Doctrine of the Faith.

“The position is the most important one that a pope fills in the Vatican hierarchy after the secretary of state. Most incumbents keep it until they retire, which in Mueller’s case would have been in six years,” reporter Philip Pullella writes.

Mueller, 69, was appointed by emeritus Pope Benedict in 2012 and is replaced by Pope Francis’ confederate, Jesuit Archbishop Luis Francisco Ladaria Ferrer.

Another influential Catholic television network director named Jose Galat is even publicly claiming that Pope Francis is the “false prophet” who, he says, is “paving the way for the Antichrist.” He claims the “real pope” is Benedict XVI, who was somehow forced to resign in 2013. Francis “was elected by a mafia of cardinals,” he argues, agreeing with those other Catholics who see a conspiracy behind this first ever Jesuit pope.

And then there is Benedict himself who recently said the Catholic Church is “on the verge of capsizing.”

Perhaps strangest of all is a current inquiry in which the Vatican has launched an investigation into a Catholic group of exorcists (the Heralds) who, *after having discussions with Satan, have determined Petrus Romanus "is the Devil's man."*

But what if Francis is not Petrus Romanus, the final pope of Malachy's prophecy? What if that dark Superforce (Catholic Freemasons) that Malachi Martin warned about is using Francis and his left-leaning theology to play a complex end-times game aimed at manipulating and reconfiguring Rome into a Socialist-Marxist instrument for the real final pope's arrival? What if the same George Soros globalist one-worlders who have teamed up against Trump are working with Francis to lay the groundwork for Antichrist's global order as in the Book of Revelation?

Too crazy to believe?

Here is what popular Catholic website LIFE SITE recently said:

Most astonishingly, the Vatican itself seems involved as Pope Francis, the German bishops and others around him have openly developed close relationships with many leading One-Worlders, inviting them to the Vatican to give talks and advice. This has been a radical change from all past popes. Reports suggest George Soros favored Bergoglio [Pope Francis] during the Conclave that elected him pope. For the first time ever, the New World Order movement has gained powerful public backing for many of their agendas from the head of the Roman Catholic Church, who has aggressively insisted that climate change, open borders, anti-capitalism and more are now issues of moral and religious obligation for a new, worldly Catholic Church. It also appears that some in the Vatican may be laying the groundwork for a moral and religious case in favor of population control. ... Many signs point to this.

And what if I told you the rabbit hole of evidence to support this global conspiracy does not stop there and actually ties

the resignation of Pope Benedict, the election of Pope Francis, George Soros, Obama, Hillary, John Podesta, the possible arrival of the false prophet, Antichrist, final pope, discussions of a Messiah and the years 2012 and 2016 to the Saboteurs now at work to overthrow the Trump administration's agenda?

Are you aware that a group of respected Catholic leaders recently sent a letter to President Trump asking him to launch an official investigation into activities connected to the people mentioned above? It appears Team Obama was involved in a different coup similar to the one currently focused on Trump, but this time against the Vatican and which the authors of the letter believe forced the aging Pope Benedict to step down for sinister reasons.

In a top-notch piece of investigative journalism, William F. Jasper at the New American asks:

Did billionaire speculator George Soros, President Barack Obama, Secretary of State Hillary Clinton, Vice President Joe Biden, and Obama/Clinton adviser John Podesta conspire to overthrow the conservative Pope Benedict XVI and replace him with a radical, Pope Francis? Did they use America's intelligence agencies, and our nation's diplomatic machinery, political muscle, and financial power to coerce and blackmail "regime change" in the Roman Catholic Church?

Far from being some wild conspiracy theory, there is sound prima facie evidence to indicate that this is a serious effort to expose a political scandal of the highest order, involving flagrant, criminal abuse of power at the top levels of the U.S. government.

Here is the letter that Jasper refers to in its entirety that was written and sent by Catholic leaders from The Remnant Newspaper:

Dear President Trump:

The campaign slogan "Make America Great Again," resonated with millions of common Americans and your tenacity in pushing back against many of the most harmful recent trends has been most inspiring. We all look forward to seeing a continued reversal of the collectivist trends of recent decades.

Reversing recent collectivist trends will, by necessity, require a reversal of many of the actions taken by the previous administration. Among those actions we believe that there is one that remains cloaked in secrecy. Specifically, we have reason to believe that a Vatican "regime change" was engineered by the Obama administration.

We were alarmed to discover that, during the third year of the first term of the Obama administration your previous opponent, Secretary of State Hillary Clinton, and other government officials with whom she associated proposed a Catholic "revolution" in which the final demise of what was left of the Catholic Church in America would be realized. Approximately a year after this e-mail discussion, which was never intended to be made public, we find that Pope Benedict XVI abdicated under highly unusual circumstances and was replaced by a pope whose apparent mission is to provide a spiritual component to the radical ideological agenda of the international left. The Pontificate of Pope Francis has subsequently called into question its own legitimacy on a multitude of occasions.

During the 2016 presidential campaign we were astonished to witness Pope Francis actively campaigning against your proposed policies concerning the securing of our borders, and even going so far as to suggest that you are not a Christian. We appreciated your prompt and pointed response to this disgraceful accusation.

We remain puzzled by the behavior of this ideologically charged Pope, whose mission seems to be one of advancing secular agendas of the left rather than guiding the Catholic Church in Her sacred mission. It is simply not the proper role of a Pope to be involved in politics to the point that he is considered to be the leader of the international left.

While we share your stated goal for America, we believe that the path to "greatness" is for America to be "good" again, to paraphrase de Tocqueville. We understand that good character cannot be forced on people, but the opportunity to live our lives as good Catholics has been made increasingly difficult by what appears to be a collusion between a hostile United States government and a pope who seems to hold as much ill will towards followers of perennial Catholic teachings as he seems to hold toward yourself.

With all of this in mind, and wishing the best for our country as well as for Catholics worldwide, we believe it to be the responsibility of loyal and informed United States Catholics to petition you to authorize an investigation into the following questions:

- To what end was the National Security Agency monitoring the conclave that elected Pope Francis?*
- What other covert operations were carried out by US government operatives concerning the resignation of Pope Benedict or the conclave that elected Pope Francis?*
- Did US government operatives have contact with the "Cardinal Danneels Mafia"?*
- International monetary transactions with the Vatican were suspended during the last few days prior to the resignation of Pope Benedict. Were any U.S. Government agencies involved in this?*
- Why were international monetary transactions resumed on*

Feb. 12, 2013, the day after Benedict XVI announced his resignation? Was this pure coincidence?

– What actions, if any, were actually taken by John Podesta, Hillary Clinton and others tied to the Obama administration who were involved in the discussion proposing the fomenting of a “Catholic Spring”?

– What was the purpose and nature of the secret meeting between Vice President Joseph Biden and Pope Benedict XVI at the Vatican on or about June 3, 2011?

– What roles were played by George Soros and other international financiers who may be currently residing in United States territory?

We believe that the very existence of these unanswered questions provides sufficient evidence to warrant this request for an investigation.

Should such an investigation reveal that the U.S. government interfered inappropriately into the affairs of the Catholic Church, we further request the release of the results so that Catholics may request appropriate action from those elements of our hierarchy who remain loyal to the teachings of the Catholic Church.

Please understand that we are not requesting an investigation into the Catholic Church; we are simply asking for an investigation into recent activities of the U.S. Government, of which you are now the chief executive.

Thank you again, and be assured of our most sincere prayers.

Respectfully,

David L. Sonnier, LTC US ARMY (Retired)

At the end of the letter above on the Remnant's official website, they provide links to documents and articles that support their charges including some released by WikiLeaks, which caught Soros, Clinton and Podesta conferring on how to bring the "middle ages dictatorship" at the Vatican to an end.

In another New American report from last October, the emails in question were investigated involving the Clinton Campaign's secret anti-Catholic agenda. They noted:

Podesta, a longtime Clinton adviser/confidante and hand-picked top activist for left-wing funder George Soros, revealed in a 2011 e-mail that he and other activists were working to effect a "Catholic Spring" revolution within the Catholic Church, an obvious reference to the disastrous "Arab Spring" coups organized that same year by the Obama-Clinton-Soros team that destabilized the Middle East and brought radical Islamist regimes and terrorist groups to power in the region. The Podesta e-mail is a response to another Soros-funded radical – Sandy Newman, founder of the "progressive" Voices for Progress. Newman had written to Podesta seeking advice on the best way to "plant the seeds of the revolution" in the Catholic Church, which he described as a "middle ages [sic] dictatorship."

Of special interest to me in the letter to Trump from the concerned Catholics is where they specifically note how: "Approximately a year after this e-mail discussion, which was never intended to be made public, we find that Pope Benedict XVI abdicated under highly unusual circumstances and was

replaced by a pope whose apparent mission is to provide a spiritual component to the radical ideological agenda of the international left” and how they “remain puzzled by the behavior of this ideologically charged pope, whose mission seems to be one of advancing secular agendas of the left rather than guiding the Catholic Church in Her sacred mission ... It is simply not the proper role of a pope to be involved in politics to the point that he is considered to be the leader of the international left.”

With all this in mind and given my personal exhaustive investigation into the Vatican, my extensive research into the *Prophecy of the Popes*, the correct predictions we made regarding the resignation of Benedict before the fact, and our follow-up probe into the conclave that elected Francis, I have a bombshell announcement to make. I have come to believe Pope Francis will either retire soon or be taken out of the way, and that this really is tied to something strange that unfolded in bringing him temporarily to the pontificate.

In other words, I believe Francis was not “canonically elected” as his namesake originally predicted. And the Catholics already cited above are only the tip of the iceberg from those who will eventually voice how “illegitimate” activity went on behind closed doors during the last papal election and that, for reasons we do not yet understand, Francis was put in as a temporary “placeholder” until the real Pope #112 (Petrus Romanus) could be installed.

The mysterious reasons surrounding this “placeholder” false pope may never fully be known, but was foresaw by such mystics as Father Herman Bernard Kramer in his work, *The Book of Destiny*.

During an unusual interpretation he made of the 12th chapter of the book of Revelation concerning “the great wonder” mentioned in verse one, Father Kramer wrote:

The 'sign' in heaven is that of a woman with child crying out in her travail and anguish of delivery. In that travail, she gives birth to some definite 'person' who is to RULE the Church with a rod of iron (verse 5). It then points to a conflict waged within the Church to elect one who was to 'rule all nations' in the manner clearly stated. In accord with the text this is unmistakably a PAPAL ELECTION, for only Christ and his Vicar have the divine right to rule ALL NATIONS... But at this time the great powers may take a menacing attitude to hinder the election of the logical and expected candidate by threats of a general apostasy, assassination or imprisonment of this candidate if elected."
[capitalized emphasis in original]

Although I disagree with Kramer's interpretation of the book of Revelation, his fear that "great powers may take a menacing attitude to hinder the election of the logical and expected candidate" echoes the sentiment of priests mentioned elsewhere in *Petrus Romanus*, who saw a crisis for the church coming, and the false prophet and Antichrist rising as a result.

This too was in the news recently when a report was published by Sebastien Maillard, Vatican correspondent for La Croix, in Rome. He noted how a large array of conservative bishops fear that Francis is bypassing critical church doctrine and fear he has already gone too far. Even those cardinals who voted for Francis now want him to step down so that the Holy See's secretary of state, Cardinal Pietro Parolin, can be elected the real pope. And these electors understand something else, too. Parolin's name means "Peter the Roman" from the final line of the prophecy of the popes. {eo}
