

'End Times Eyewitness' Explores Biblical Signs of Times

It poses the question every believer wants answered: When is Jesus coming back?

Whether you believe in a pre-Trib rapture or a Second Coming that follows the Great Tribulation, every Christian knows that the return of Christ will mean an end to misery for all believers and the subjugation of evil throughout the world.

In a new documentary film, director Joel Richardson asks, "Is the return of Jesus closer than you think? What are the most powerful prophetic signs being fulfilled on the earth today? How is the new Middle East after the Arab Spring aligning with the testimony of the biblical prophets? What are the little-known prophetic signs that few are paying attention to?"

End Times Eyewitness—available only on DVD—takes viewers on a firsthand journey into the heart of the biblical world, to the front lines of the ongoing Middle Eastern turmoil, to discover the shocking answer to all of these questions. Filmed in several nations and featuring the testimonies of global Christian leaders, pastors, theologians and missionaries, *End Times Eyewitness* reveals which biblical prophecies of the Last Days are being fulfilled on the earth today and what is coming next.

In the documentary film, Richardson, who is a best-selling author as well as the film's director, interviews Messianic rabbi Jonathan Cahn, author of two blockbuster prophetic books: *The Harbinger*, a novel, and *The Mystery of the Shemitah*. Other experts interviewed in the film include CBN Middle East Bureau Chief, Chris Mitchell; International House of Prayer director, Mike Bickle; and Yehuda Glick, chairman of

the Temple Mount Heritage Foundation.
