

End-Times Pastor Issues Major Prophetic Update Over Yellowstone Earthquakes, Upcoming Eclipse

End Time Headlines pastor and founder Ricky Scaparo called for two to three months of intercession leading up to the August eclipse and the trembling Yellowstone volcano.

“The nature of what I’m about to talk about today is very serious,” Scaparo begins his update. “If you’ve not seen this, it’s going to blow you out of the water. The fear of the Lord will hit your spirit.”

Since June 12, 464 earthquakes have shaken Yellowstone National Park, launching concern the “supervolcano” may be close to eruption.

How should we respond? It starts with serious intercession.
