

Enough Is Enough Launches Petition Against Netflix Show ‘Cuties’

Enough Is Enough has launched a petition with a dual call to action against the Netflix show *Cuties* to:

1. Demand Netflix immediately remove the film *Cuties* from its streaming service.
2. Request the launch of a Department of Justice (DOJ) investigation into the film production team and Netflix for potential child pornography violations. Those responsible for the filming, production and distribution of the content *must* be held accountable.

Within hours of its release, the petition, which is being sent directly to Netflix execs and DOJ, has already garnered over 5,700 signatures.

It is *never* OK to sexually exploit children in broadcast programming or on the internet—or anywhere else! Further, this type of content whets the appetites and sexual fantasies of pedophiles, sexual predators and traffickers, and sends a message to youth that sexualized behavior is desired.

Why the call for a DOJ investigation?

Child pornography under federal law is defined as any visual depiction of sexually explicit conduct involving a minor (someone under 18 years of age). Visual depictions include photographs, videos, digital or computer-generated images indistinguishable from an actual minor, and images created, adapted or modified, but that appear to depict an identifiable, actual minor.

Netflix has established a pattern of offering content that

sexualizes children. We cannot allow Netflix, the film or entertainment industry to monetize off of the sexualization of our children and feed them directly into the hands of child predators! {eoa}

Enough Is Enough® is a national non-partisan nonprofit organization that has led the fight to make the internet safer for children and families since 1994. EIE's efforts are focused on combating Internet p*rnography, child p*rnography, sexual predation, sex trafficking and cyberbullying by incorporating a three-pronged prevention strategy with shared responsibilities between the public, Corporate America and the legal community.
