

Ex-Witch Reveals the Shocking Connection Between Lent and Satanism

Ex-witch Beth Eckert says she celebrated Easter her whole life. She thought it was just one day a year until she went to a church that taught her all about Lent and Holy Week.

That's when she began to feel something stirring in her spirit.

"Now that I'm no longer part of a church that celebrates [Lent, Easter] and because I've learned so much about Satanism and how it's hidden in the church and the occult and witchcraft in the church and all the things that God has taught me, I decided that I really wanted to learn more about what is Lent and Easter," Eckert says in a recent video.
