

Ex-Witch Reveals What Really Happens in Ritual Satanic Abuse

When ex-witch Beth turned away from darkness and handed her life over to Christ, she had to deal with the torment of her past, including ritual satanic abuse.

The catch is, she was unaware at the time of just how deceived she was.

“There are many in this world who would believe that this sort of thing never happens. Then there are others who would believe this only happens in ‘satanic churches’ or other such evil places. All would most definitely assume that it would never happen right in their own neighborhood, by people they know, who are Christian. That is how the devil deceives the masses daily,” Beth shares in a recent blog post.

However, as children of God, we know Satan is the father of lies.

Watch the video to see Beth’s story about how God set her free from the prison of the enemy.
