

# Exclusive 'Finger of God 2' Clip: Bethel's Kris Vallotton Issues Bold Challenge to the Church

In this exclusive new clip from the upcoming film, *Finger of God 2*, Kris Vallotton from Bethel Church talks about the need for Christians to take the light of Christ out of the four walls of the church and into the world around them. *Finger of God 2* is the newest film from WP Films and Darren Wilson. Directed by Will Hacker, a former evangelical megachurch pastor, the film follows Will's journey around the world as he looks for the ultimate point of miracles and even Christianity itself.

The film is being released in three ways. The U.S. tour will have Will Hacker presenting the movie in 36 locations across the United States, from Sept 1 to Dec 3. At these tour stops people will be able to see the film, bring others in their community to experience God's love for themselves and also have a chance to meet the filmmaker and purchase DVDs of the movie months before its official release on Dec. 4.

On Oct. 6, there will be an exclusive, worldwide online release (the Sneak Peek) that is available for \$5 and will make the film viewable for 24 hours. Those who tune in will also have the ability to purchase the movie months in advance.

Finally, any church or small group can bring the film to their community during the U.S. tour window by simply following the instructions on the website.

All information about *Finger of God 2* and the ways one can see it are available at .
