

Fear God

Fear God

Francis Chan

David C Cook

The word *fear* is associated with negative emotions and thoughts, so it can be difficult to understand how to relate this to God. But fearing God is the first step to knowing Him. This DVD study by author and speaker Francis Chan will help Christians comprehend the vital concept of fear with the end-goal of knowing God more. “For me to be wise and have a healthy understanding of God, it starts with fear,” he explains. “If we skip studying the fear of God, then we will not understand the other parts of God.” Chan adds, “The reality is, whoever you are, the moment you see God, you will fear Him.”
