

Fight Spiritual Warfare With Your Worship

Father, I pray in all earnest for Your people to wake up, to arise and to shout the truth from the rooftops. We desperately need to see Your will done on earth as it is in heaven, and we intentionally unite in worship, which is the greatest weapon of spiritual warfare we have. Hear our united worship of You, God, as we seek Your intervention on our behalf.

We have freedom in America unlike any other nation or nations of the past. Let us understand the blood that was shed for the freedoms we enjoy and decide to not let the brave sacrifices be in vain. Let us take hold of the truth that it was the blood of Jesus that gave all men the ability to be completely free from evil. Let us no longer tolerate the increase of evil and wickedness. The enemy has lied to us from the start, and the Scriptures that speak of the end times do not negate the instructions and mandates You've given us to occupy until You return!

Even in the last days Your people who remain on earth are not to accept the increase of evil. There are many Christians who are accepting and resigning to the evil all around us wrongly believing it's supposed to be this way because of what Scriptures say about the end times.

No! Christians are never to be resigned to evil, only and ever to God with faith in Jesus, amen. Wake us up out of our slumber, Lord, and empower us from on high that we indeed do greater works than Jesus did. Lord, let us be the forerunners of a major revival reformation—the billion soul harvest Bob Burns prophesied, amen.
