

Former Punk Princess Avril Lavigne Just Released a Worship Song

After a five-year break from her public career, singer-songwriter Avril Lavigne has released a powerful worship ballad titled “Head Above Water,” which recounts her battle with Lyme disease.

In “Head Above Water,” Lavigne details her relationship with God and how He saved her when she thought she was at the end of her life.

In the first verse of the song, Lavigne sings about the unbearable pain she experienced that made her feel like she was literally drowning. It sounds as if she is trying to convince herself that she has the strength to power through anything that happens to her.
