

God Be Praised

 Gateway Worship | Integrity Music

Gateway Church, which birthed “Revelation Song” and introduced worship leader Kari Jobe, releases *God Be Praised*, a live recording of 15 new songs.

The album reflects the passionate worship the church is known for and carries the theme of the “victory we have in Jesus,” explains Associate Pastor and Worship Leader Thomas Miller.

“I am praying that the music from this album will be songs for people and churches everywhere to declare the absolute, complete, overwhelming victory that we have in Jesus,” Miller says. “Since He conquered all, we are more than conquerors and can live a life of complete victory through Him. When we live in victory and freedom, we live a life that naturally overflows with praise to God.”
